With Cabela's, big boys win but we lose

Bravo to Mark Nagdeman. Another letter decrying the arrival of Cabela's. The self-serving powers that be have seen to it that the protests of many people are going unnoticed -- or worse, ignored and tossed into the circular file.

Cabela's will bring many things to Munster: Noise, pollution, increased traffic, loss of green and quiet spaces, home values plummeting ... I could go on ad nauseum. But it would be useless.

Just a sadness that once again the big boys win.

Camilla Higley, Munster
